Supporting the ACCF - Caring for our Community

When you make a gift to the ACCF, it translates into a gift of caring for our community. Here are some of the ways you can care for your community.

Cash Gifts – writing a check to support the work of the Foundation or by directing your gift to a fund held on behalf of a favorite organization or cause.

Stocks, Bonds or Mutual Fund Gifts – One of the most tax-efficient ways to make gifts or pledges to the Foundation is by means of giving appreciated stock, mutual fund shares, or other marketable investments. Contact the Foundation for a one-step processing form.

Real Estate – gifts of real estate can occur now or as a directive in your will. Discuss your options for giving with the Foundation staff.

Tangible Personal Property – the Foundation can help you determine how best to give a gift of personal property that serves your charitable goals.

Life Insurance Policies – the establishment of a life insurance policy with the Foundation as the beneficiary OR the naming of the Foundation as a beneficiary in a current policy can lead to a tremendous tax savings and a substantial gift.

Qualified Retirement Plans – retirement assets can make a significant impact when given to the causes you care about through the Foundation.

We encourage you to discuss any giving options with the Foundation staff so that your intentions may be documented and carried out as you desire.
